STAY IN CONTROL OF YOUR ORGANIZATION'S MOST VALUABLE ASSETS WITH COLLECTIVEQUARTERMASTER®

STANDARD FEATURES

collectiveQuartermaster® is a complete asset management solution designed specifically to meet the needs of law enforcement. Available as a web-based or traditional software install, the system will give your quartermaster staff the tools they need to do their job more efficiently while providing your organization with more detailed reporting on equipment assignments, costs, and more.

OVERALL BENEFITS

- ◆ Improve accountability with E-signature
- ◆ Barcode ready
- ◆ Integrate with other software to streamline your processes
- ◆ Quickly answer who has what, when it is due, and how many are in stock, and more
- ◆ Manage grants and track funding
- ◆ Pass audits easily with data at your fingertips

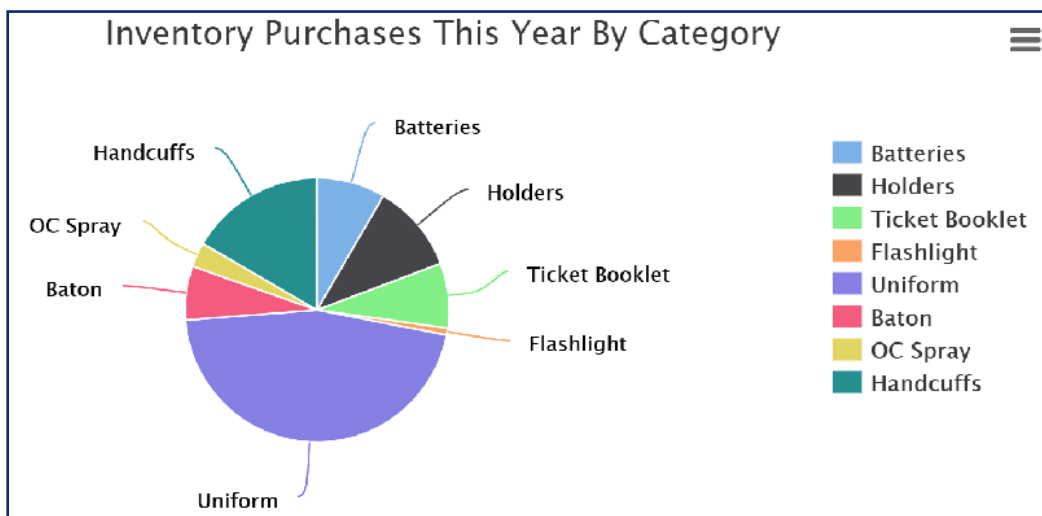

TECHNICAL FEATURES

- ◆ Both local installation and hosting services are available
- ◆ System entirely barcode ready
- ◆ Easily import/export data through .csv files
- ◆ Powerful data queries and filtering
- ◆ Configure security roles, user interface, fields, and workflow to fit specific needs today and in the future
- ◆ Full audit capability on all historical data including date and timestamp on all system changes

Inventory Management

- ◆ Manage unlimited fixed assets (cameras/recording equipment, furniture, etc.)
- ◆ Track purchase, vendor, life cycle, depreciation, replacement date information and more
- ◆ Oversee inspections, repairs, and history of assignments to employees, other assets, or divisions
- ◆ Track unlimited asset inventory items (duty gear, tactical supplies, weapons, office supplies, etc.)
- ◆ Barcode compatible
- ◆ Inventory values based on purchase history

Item Ordering

- ◆ Quantities, costs, and vendor information
- ◆ Grant or fund information
- ◆ Vendor and pricing management
- ◆ Auto generate orders for items needed, export to financial applications, if desired
- ◆ Tie orders to specific GL codes or budgets

Signing In and Out

- ◆ Issuance history maintained
- ◆ Barcode ready
- ◆ Create templates for standard sets of issuances (new hire for example)
- ◆ E-signature functionality for increased accountability
- ◆ Automated email or printed receipt of items issued to employee for record keeping

Automated Alerts

- ◆ Expiring items
- ◆ Overdue checked out items
- ◆ Items needing reorder

Employee Management

- ◆ Scheduled license/certification renewal
- ◆ Issued items list
- ◆ Track details such as service years, uniform sizes, and more to make ordering easier
- ◆ Ability to manage stipends, uniform allowances and more

Employee Requests

- ◆ Portal for employees to request items from their phone, tablet or PC through the web anywhere
- ◆ Approval process included with automatic alerts to supervisors if desired
- ◆ Can view existing items issued to them

Reporting

The collectiveQuartermaster® software system comes with a variety pre-built reports as well as the ability to create unlimited reports through our “ad-hoc”, report generator.

- ◆ Issue history by employee (with costs for certain date ranges)
- ◆ Send an employee a list of what has been issued to them with one click
- ◆ Item reorder list by vendor
- ◆ List of items issued for employees
- ◆ Expiring or overdue Items list
- ◆ Vendor purchase history
- ◆ Employee license/certification renewal schedule
- ◆ Inventory totals and values for a date range
- ◆ All reports can be exported or emailed directly from the system
- ◆ Charts and graphs
